LAWN SEED SERVICE

This firm has specialized in grass seeds and in lawn seed mixtures for sixty years. For home lawns, for athletic fields, for institution grounds we can supply the proper seed for the particular requirement. Local dealers over most of the country can supply this line.

STERLING LAWN SEED

This is our finest lawn seed mixture and we believe there is none better for all-purpose use. It is composed of hardy perennial grasses which thrive together and produce a permanent lawn of fine texture and beauty. One pound sows about 250 square feet.
